

# List view

The list view shows all establishments regardless of their status. The following restrictions can be made using the filters:

- **Text search** : Filter by name or location of the company
- **Status** : Restriction according to a certain status
- **Star category**: Filtering according to the category 1 to 5 stars
- **Expiry date from / to** : Restriction according to the expiry date
- **Tags** : Search for keywords that are stored for the companies
- **Create company**: save new data of a company
- **Excel**: Functions are the same as those of the advanced search

It should be noted that the filters are retained until they are reset accordingly.
